ASHTAGRAM CHANNEL DIVISION.

ADVETISEMENT.

The 2nd August 1889.

Notice is hereby given that sealed tenders will be received at the office of the Executive Engineer, Ashtagram Channel Division, up to 31st instant, for excavating the Hulhalli Channel in the Nanjangud Taluk, Mysore District. An approximate estimate of qnantities is given below. These quantities are not guaranteed. The work shonld be completed by the end of June 1891.

2. The plans, detaild estimate and conditions may be seen at the Executive Engineer's Office at Mysore between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms, which may be obtained from the Executive Engineer. The tender should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

3 A. A separate tender should be submmitted for each contract section desired to be taken up.

4. Each tender must be accompanied by a deposit of Rs. 100 in cash or Government promissory notes as earnest money and be superscribed "Tender for excavating the Hulhalli Channel—Section," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender the successful competitors will be required to execute the usual contract bond; in default of which, their tenders will be considered cancelled, and the earnest money will be forfeited.

7. The names of the successful competitors whose tenders have been accepted, will be posted on the notice board in the Executive Engineer's office in due course. No enquiries regarding the acceptance or rejection of a tender, will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. Contractors are requested to state what reduction they are prepared to make from their rates for deep cuttings if they are provided with rails and trucks.

10. Contractors must specify the rates at which they are willing to execute the work. They must not refer to the rates entered in the estimate prepared by the Executive Engineer.

11. Copies of the Sections giving all dimensions may be obtained from the Assistant Engineer, Rampur Range, at Nanjangud, on payment of a small fee.

12. Contractors will only be paid for the excavation required to carry out the work according to the plans and estimates. They must bear the cost of all constructions and excavations made by them for the purpose of carrying or disposing of spoil.
